Laminates Valley - Sub Branch Of
PUN - VENEERS & LAMINATES

We at "SUPA" have established a dedicated manufacturing unit for Decorative Laminates as well as High Pressure Laminates at Sampla (Haryana) near New Delhi. This units stands as a recent example of our constant progression. Our promise is to constantly evolve with the dynamic world in our quest to keep our clients contented today, tomorrow and for years to come by advancing our products and services. Our promise is to serve you best and our brand speaks for itself. We always deliver more than what we promise.

Our Product Range Are :

- Decorative Laminates
- High Pressure Laminates
- Doorskin
- Compact Laminates
- Prelam Boards & MDF
- Blockboards
- Flushdoors
- Unicolour Laminates
- Postforming Laminates
- Solid Phenolic Countertops

The country knows our products by the Brand name of "SUPA". Catering to a widespread distribution network in all over the country, we stand as the true pioneers of our industry.

Our products have proven to be the best in terms of durability, design, style and cost efficiency. We are known for our commitment to high standards and qualitative excellence, which leads us to the apex to customer satisfaction. This trait of ours has earned us insurmountable reputation in the industry.

Our highly experienced production team believes in innovation, which leads to research and development of new design and technology. A team of constantly progressing ingenious people is the secret of our success. We owe are business standing to their unbeatable levels of dedication commitment and resourcefulness.

Our continuous effort in the pursuit of excellence in what we credit for such a significant position in the thriving economy of India.

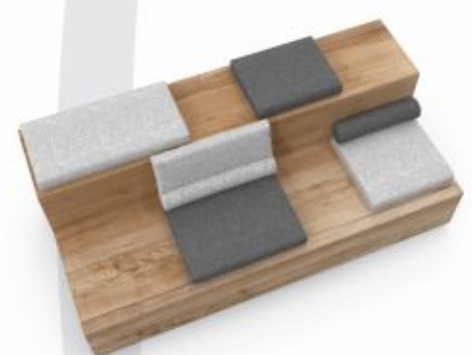

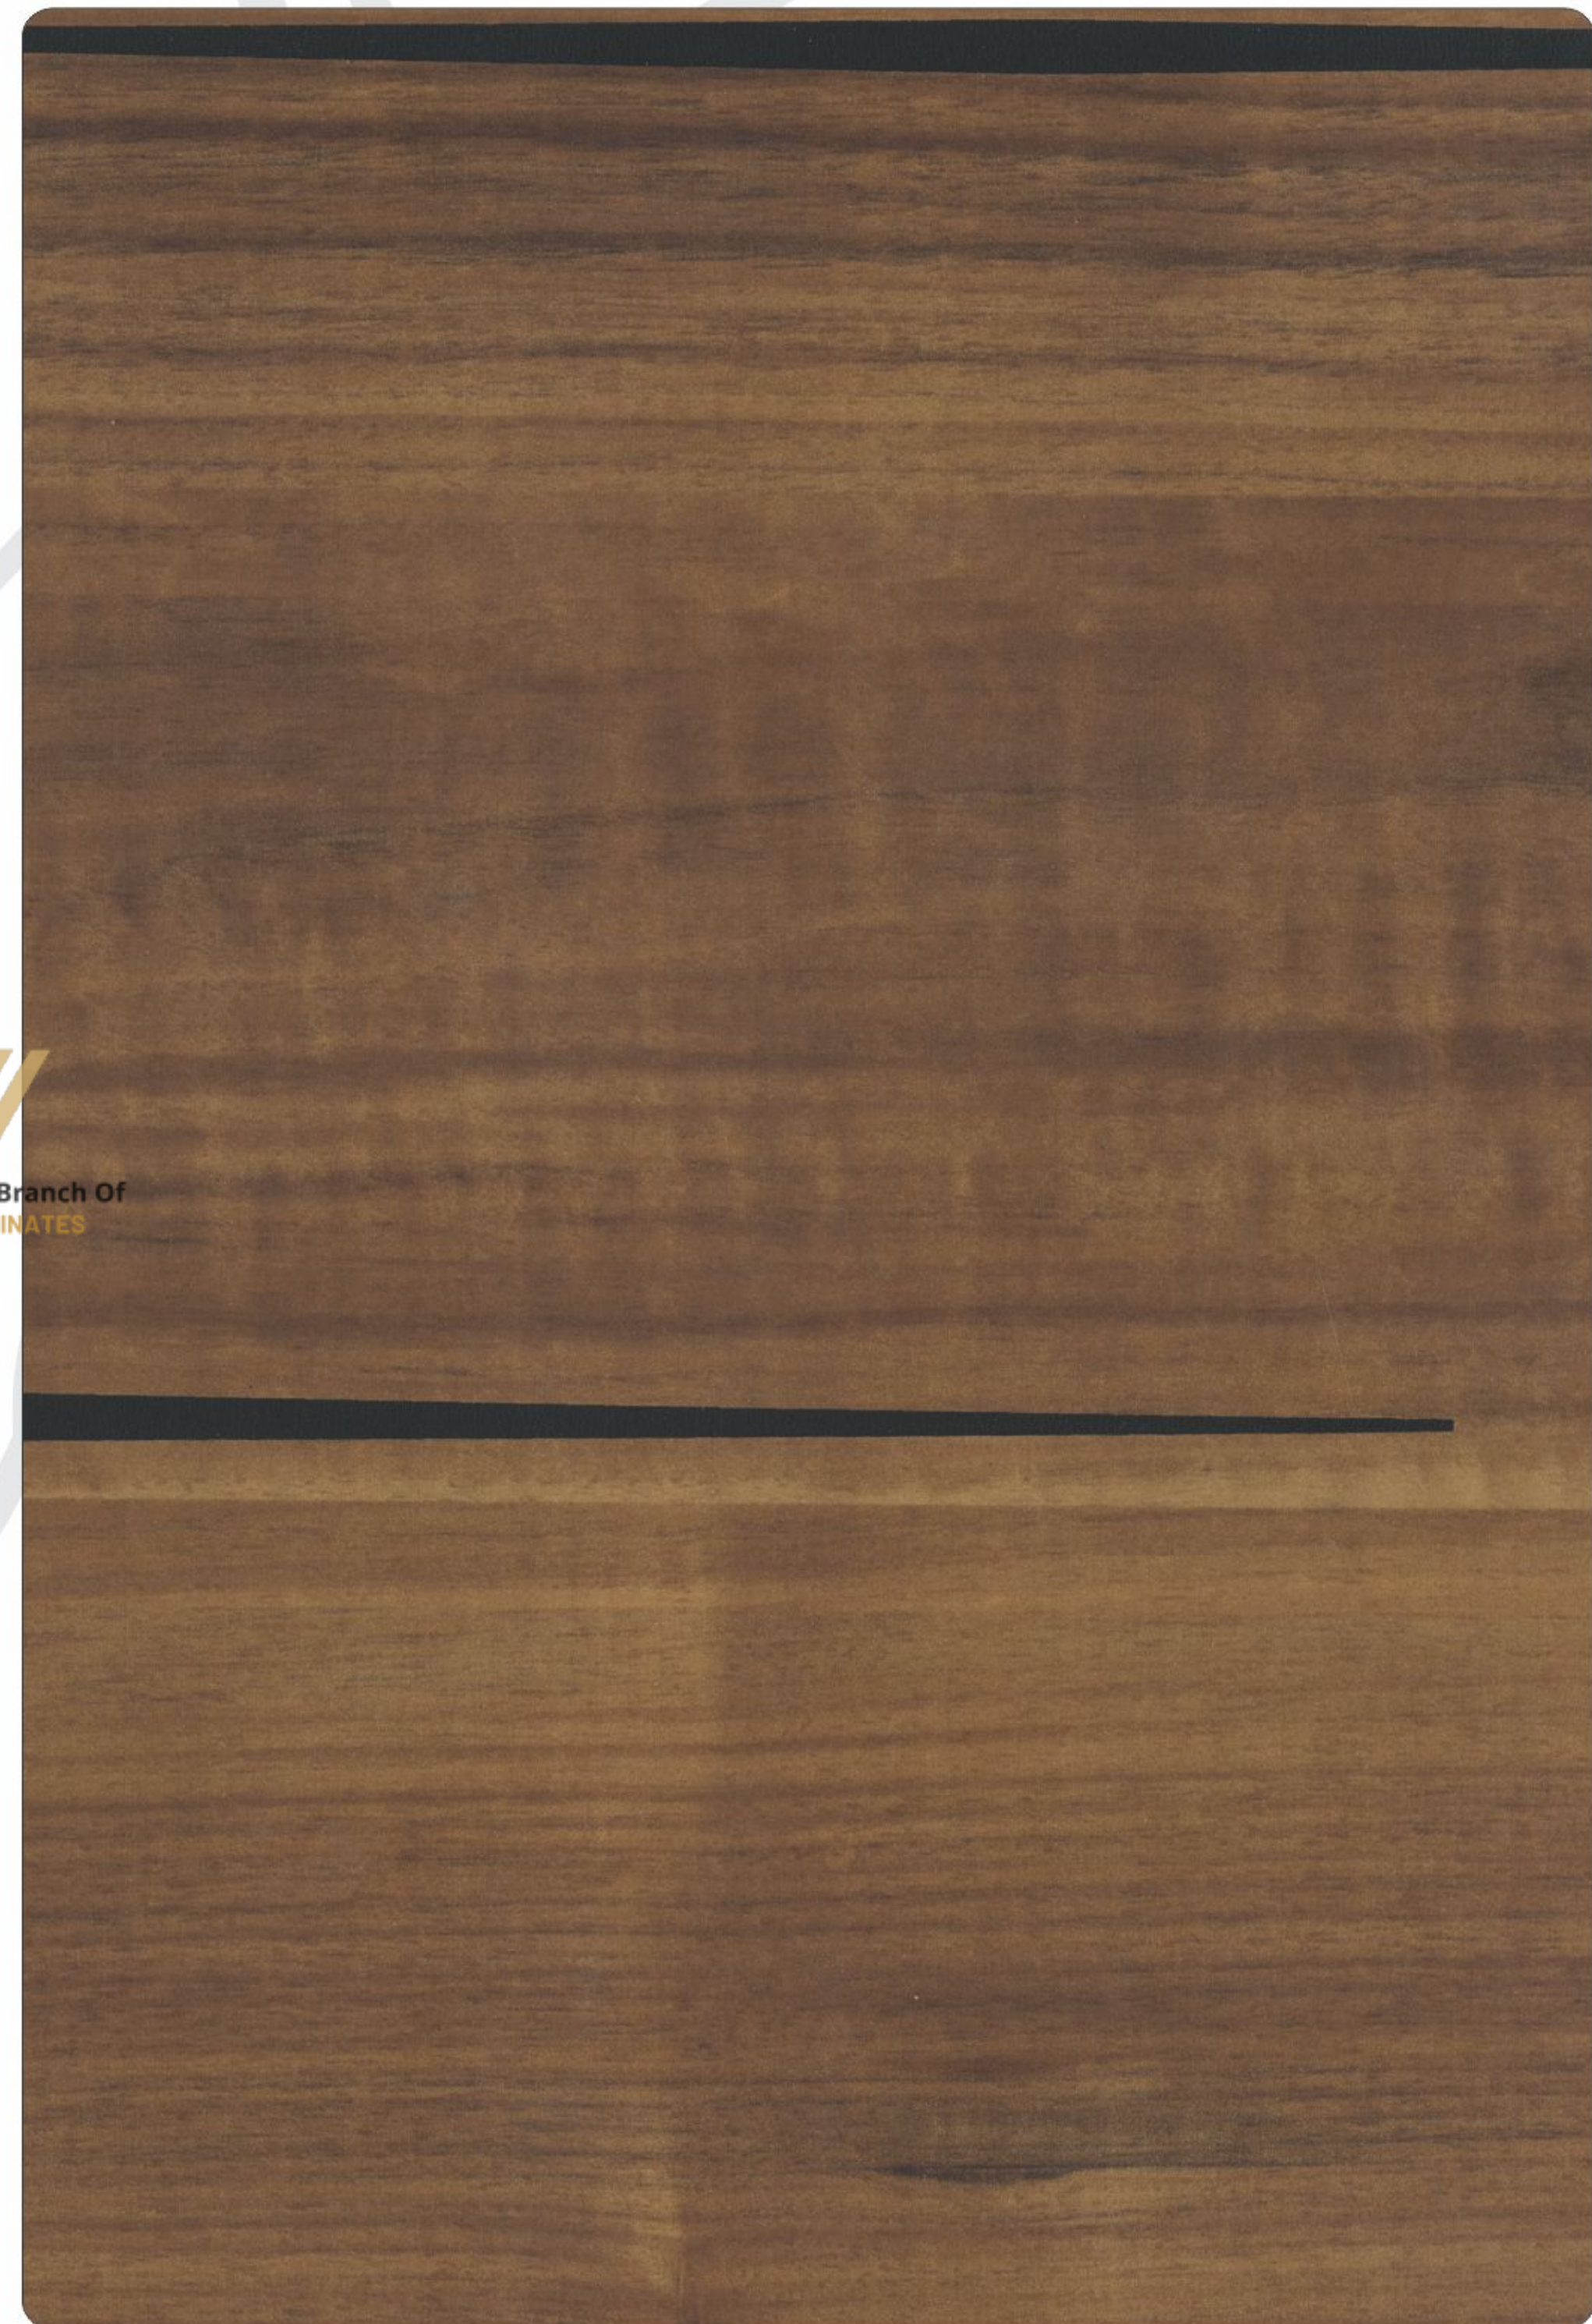

Our valued clients bestow their trust upon us, and we reward the trust, by transforming their dreams into tangible reality by providing and exquisite range of luxury interior infrastructure products.

Types : Standard, post forming, compact, cabinet liners, backer

Size : 2440 mm x 1220 mm [8'4"]

Thickness : 0.8mm (410%)

Care & Maintenance : Cleaning should be carried out with a soft moist cloth and warm soap solution. Do not use detergents containing abrasive particle or excess soda.

Highlight:

• Design from genuine imported base paper.

• Manufactured using best quality kraft paper.

• Use of best chemical raw materials for better flexibility & durability.

Disclaimer: Customers are advised to reconfirm selected laminate when placing orders as our liability does not include claims arising from sample chip pasting error. Samples presented are indicative of color, pattern and surface finish but not of actual thickness. All metallic patterns series recommended for vertical application only. Limited Warranty: Company warrants that its products are reasonably free from manufacturing defects. The products when properly used, will comply with normal deviation, related manufacturing specifications. This warranty shall be limited only to the original buyer for a period of care. It is recommended that the products must be inspected prior to installation and our liability will be limited to the extent of the cost of the products only. Our products are used for various applications without the possibility of control over the manufacturing of the finished products. The Company does not assume obligations or liabilities arising from the furnishing, sale, installation or repair, use or subsequent sale of any product, to any person or entity.

Do not use nail and hammer while cutting such Corner, Grew, Angle, and Designs.

Use only drill while cutting such Corner, Grew, Angle and Designs.

NO CLAIM WILL BE ENTERTAINED FOR AIR BUBBLES

Cutting a laminate sheet at an angle of 90 degree leads to development of cracks in corner after pasting. Therefore it is advisable to avoid cutting at an angle of 90 degrees.
