PRODUCT INFORMATION

Technical Name : High Pressure Decorative Laminated Sheet
Size : 2440 mm X 1220 mm

WARRANTY :

- Wine warrants that all its products are free from manufacturing defects.
- The Products when properly used will wmm ply with normal Deviation, to related manufacturing specifications.
- In case of any claims, the liability of the company is limited to the cost of the product only.
- Any Complains, due to changes in climatic conditions will not be entertained by the company.
- The warranty shall not be apply to defects or damage from any of the following :-
Accidents, abuse ir misuse, exposure to extreme fabrication or installation & improper maintenance

Care and Maintenance :

- Storage : Sheets should be stored horizontally with the top sheet turned face down and a thick hard board placed on top to protect the material from possible damage and reduce the chance of getting warped store laminate stock should not be rotated such that order sheets will be used first. Laminate sheet should be protected from moisture, and should never be stored where the may come in contact with the floor or outside wall. Always carry the sheets vertically. Never slide the sheet but lift n while moving it from one place to another. We remained that ideally two people should carry a full size sheet as carelessness can damage the decorative surface.

- Abrasives : Abrasives pads scouring powders or cleansers may permanently, damage the laminates surface making it susceptible to staining.

- Harsh Chemicals : Harsh Chemicals such as oven cleaner, toilet cleaner or drain cleaner will etch and discolor the decorative surface. High pressure Decorative Laminates are not designed to resist continual contact with these chemicals. If any of these products spill over the surface removed immediately, rinse thoroughly, and wipe dry.

- High Temperature Appliance : Protect the surface from heat generating instrument such as pressing irons & electric cookers by using Insulated Pad.

- Sharp Objects : Never use knives or other sharp objects directly on the decorative surface.

- Impact : Even though high Pressure Decorative Laminates have excellent impact resistance, chipping or cracking may occur. Do not abuse the high pressure decorative Laminates by dropping heavy objects such as cans, dinnerware, or glasses or deliberately hammering directly on the surface.

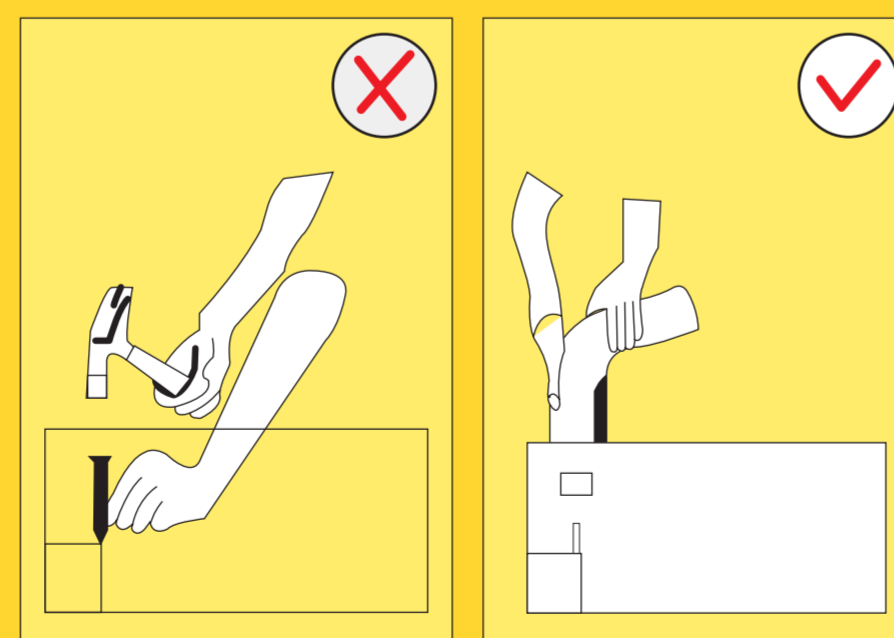

- Resistance to : Boiling water, hot oil, direct heat, phenol, mild acid, rectified spirit, ink, etc.

Cleaning :

- To clean the surface use damp cloth or sponge and a mild soap or detergent.
- Coffee or tea can be removed using a mild house hold cleaner/detergent and a soft bristle brush immediately on the surface.

Note :

- Please check Laminate sheet before use.
- No claim will be entertained after using Laminate sheet.

Do not use nail and hammer while cutting such corner, grew, angle, designs.

Use only drill while cutting such corner, grew, Angle, Designs.
